## Information Technology

### **DIGITAL TECHNOLOGY ACCESSIBILITY**

#### POLICY 7.7

The College is committed to taking reasonable measures to support the accessibility of its audio, visual, telecommunications and web-based technologies (“Digital Technology”) for use by students, employees and/or the general public. Students or individuals who seek an accommodation for Digital Technology should contact Student Services.

Undue burden and non-availability may qualify as an exemption from this Policy when compliance is not technically possible or is unreasonably burdensome in that it would require extraordinary measures due to the nature of the request or would fundamentally alter the purpose of the Digital Technology.

When conducting core academic and business activities using web content, the College shall make a good faith effort to align the web content with the guidelines of the most current version of Web Content Accessibility Guidelines 2.0 Level AA (WCAG 2.0 AA).
